Going to Buy an Elf?

Come get in the swing with these funny fun things

In front of a mirror  
Or friend model best yet  
Bend these elves or their brothers  
Just see what you get!  
Well, bless my soul  
Gay, shy maybe droll  
Sad, glad or a winkin'  
Each face fits the position.

Upon garlands of flowers, pine boughs, xmas trees  
Go these comical friends into action with ease  
A dancing, leap-froggin, cross-legging, hands stands  
Reclining, suspending, bottoms up as one lands.

Holding hands, peek-a-booing, knee bending, toe holds  
Grappling and grabbing upon a tall pole  
Entwined on a rope their gymnasts excel  
Head first into bowls dangling feet from the shelves  
Idiots they are unconcerned you can tell.

Grasping hands by the dozen attached to the wall  
Their gay little figures enthrall one and all  
But just one little figure sitting all so alone  
Is also so charming wherever it's shown.
